Resident comments were manually grouped by topic and frequency to make the results easier to understand. In some cases
individual resident comments were split up and pasted to the appropriate categories when they addressed a variety of topics in
a single response. If the comments did not make sense without the question, a portion of the question was added in
parenthesis to ensure proper context. No other edits (spelling, etc.) were made to any resident comments.

	PROPOSED AMENITY UPGRADES
New Pool Furnitu	e
	e chairs either cleaned really well (very moldy) or new chairs purchased.
If the pool furniture v	as simply refurbished, that would be fine
Pool furniture is a bit	dated.
Pool Furniture-mayb	e refurbish what we have
Replace furniture that	t needs more than cleaning
More little tables to g	o beside the lounge chairs would be nice.
The pool furniture ne	eds to be cleaned, re-strapped, and more shade added
furniture only if need	
Pool Furniture and S	hading is last.
New pool furniture is	
Pool furniture needs	
I would be okay if the	e pool furniture we have now was cleaned and the broken pieces were replaced
Do we need new poo	
Improve appearance	
	chairs would be ideal
•	
	_
Umbrellas/Shadin	-
	ed at the pool and umbrellas were broken
More umbrellas wou	
	nore at pool and Maybe even between soccer/bball
	ool would be great, the umbrellas that are there currently are broken
more shading is real	y needed.
Upgrade pool furnitu	
The pool needs more	e shade and umbrellas that work.
Splash Park	
•	dated and should be upgraded to a "splash park" type area for those children who aren't
	e too big for the baby pool. It would also be good for our property value overall.
	be better utilized if it were more of a splash pad with sprayers, a small slide, etc.
	cold and not properly designed for use by infants or toddlers (unless you want to sit in 6
	them). Needs to be updated to a splash pad.
A splash pool or kide	ly splash park would be great to make the neighborhood competitive.
	Jult hot tub or spray ground.
	blash park for young kids.
	but only provides value to families with very young children; whereas a heated pool provides
value to all.	
Splash park YES	
Yes to splash zone	
	ing cage would a great addition for the children.
	grandchildren would be wonderful.
	in zone area would help the community compete with other newer communities being built in
	young families buying homes.
	ids would be a huge draw for the community as the number of children who live here
	or the kids would be awesome and I think very well utilized:
Certainly need a bet	be third, but should include ages up to 12.
a rear asset to our po	ool by installing a splash zone like other communities. Baby pools are outdated.

Splash Park Cont. Enthusiastically yes for the Splash park- kids fun area!! I think a splash park is a great idea and something that is needed if we want to be competitive with all the new construction going up around us **Batting Cages** A baseball/softball backstop would be nice if the fields could be dual purpose (soccer and baseball/softball). where would the batting cage be? I would be concerned if this is not positioned correctly The suggestion for a Batting Cage is totally unacceptable. There is a huge county tax funded Baseball Facility located just off Longleaf Parkway that provided every type of needed amenity for Baseball. Not only is a Batting Cage a huge waste of homeowners money but it would also creates a lure for more unauthorized and uncontrollable use of our community facilities and increased liability for the CDD I would highly recommend not putting batting cages any where near the tennis courts. This would be very distracting I do not think we should pay for a batting cage, that would be a waste of our funds. We have a huge baseball presence in the neighborhood. Batting cages would be an excellent addition as long as they were built where you could use them at night and during inclement weather Batting Cage not bad idea, but where would you put it without hurting our appearance. Batting cages? Are you kidding me? Between the tennis courts? Really?! You are trying to damage our community Last one my list would be batting cages. The batting cage might be good idea although I said No. Batting cages would be a terrible idea not at all apart of a the country club atmosphere of the neighborhood. batting cages- these appeal to very few I am NOT FOT the proposed BATTING CAGE!!!! **Security Gates** I would be interested in having security gates installed. Guarded security gate (front) and unguarded (back entrance) will increase the value of our community as well as protect the residents from unlawful solicitors and increased crime. More security and gates would be nice. The security gate issue has been visited and revisited - it's not feasible and not cost-effective. Let's spend our tax dollars more wisely. We are very interested in have guard gates at each entrance Security gates for the community would be a big plus. I'm not really thrilled about the door to door solicitations and scavengers driving around on trash day. Security gates becoming more necessary as the ease of neighborhood access increases. Security gate should be the #1 priority!!! There are too many instances where I've seen people walking around that clearly don't live here and seem to be casing the neighborhood. I would feel much safer with a gate and more security. I've also had a friend have her TV stolen off her back porch over night. Security gates would be a big addition. Sec Gate -? How would it work-by sticker? card? would visitors use key pad? Wouldn't work if it caused big bkup onto 210-maybe at each main street-St Johns after club ent, Eagle Pt after turn around but before 1st house. Stnhdg ct. in ct. island 100% Security Gates especially with new neighborhoods coming in behind us. Security Gates would be added security been as Russell Sampson is now a road leading to different neighborhoods. It seems like those neighborhoods are in our neighborhood been as our main entrance is on CR 210 we should have a real entrance that is secure. We moved here from a gated community (Sawgrass) and security gates add a lot of additional expense with NO increased security (just the perception of increased security). I would rather see the money spent on increased police patrols, #1 priority is for a gated community I wouldn't be opposed to security gates, but it is more of a pain than worth while. live on Stonehedge Trail Lane and I am not sure how Security Gates would work. Absolute no to a security gate; they break too easily and end up being more of a nuisance. I think security gates would be a great idea, especially in light of the increased traffic expected along Leo Maguire in the future. I ABSOLUTELY DO NOT WANT GATES and would consider moving if they were put in I would really like security gates. It would increase property value. I would not mind an increase in fees, I think security gates would be well worth it. We have "increased security" in the past, it is a waste Security should be the #1 item. Security gates may not enhance security that much, but they elevate the status of our community which serves a very good purpose

Security Gates Cont. Please no security gate! We built here vs. St. Johns Forest because we did not want a gate. I think the security gates would increase our property values - which is desperately needed! Security gates would be great but I assume they would be expensive to maintain with guards. In my opinion it would give our community and extra level for safety as well as unwanted solicitors. With the new communities moving in we need security gates. Would want security gates if they are manned, not soft. Top priority for me is gates. I know everyone says "we can't have gates because we have county owned roads" and that is not true. We can have gates which will only increase property values This should be a gated community to the extent the CDD abides with laws. I am not suggesting that we don't allow people access to the neighborhood, but we collect/take their DL or take down the vehicle plate number upon entering the main guard gate. Install remote controlled/barcode gates for the Stonehedge and Eagle Point entrances that are operated from a Guard shack just past or before the Golf course with all entrances having video fed into the guard shack all for \$1 per day/house or less. I also really like the idea of security gates but don't necessarily want them if my fees will increase. The most important thing and priority for me would making our community gated. With the future building and traffic on Leo Maguire I think most of the neighborhood would say gates are not only important but essential. there isn't a need to gate the community I fully support the implementation if making SJGCC a gated community. Given the new developments that leverage our roads, I believe that security gates are appropriate for our community. Please do not do a soft gate. It is a complete waste of our money. If we reallocate our funds away from the security guard and put those towards a proper gate and guard our security would improve drastically and home values would also improve look at gates again! For me adding gates would be great. I think for our homeowner value and the perception that it will give. We are not just a community of the beaten path. We will now have a 6 lane highway just outside of our entrance. Thank you for taking our opinion. Gated community would be nice. I'd pay an extra \$50 - \$75 per month. Have no idea of the cost Would love to see manned security gates. Make it a gated community. Too many new houses and additional traffic nearby. With the increased development at the end of Leo Maguire I really think security gates are in order. I have always lived in a gated community and believe they only enhance property values. I think the original developer missed the boat on that one. Not in favor of security gates Put in security gates. **Security Presence** I would like better security within the neighborhood. Security gates may have greater resistance from residents than an increased security presence (especially around the amenity area), or increased camera coverage. We need to implement a plan to ensure the ongoing security of our neighborhood and protect the exclusivity of our private amenities. Increase security guard presence (Sat/Sun davtime hours, earlier start time on weekday nights, increase number of nights etc.) to proactively address trespassing on community amenities (tennis courts, playground, basketball courts, ponds etc.) and continue to prevent crime. Consider cost feasible forms of gating and other controls like security cameras More Security-Yes-more teens=more stupid behavior We DEFINITELY need more security and patrolling to stop the nonsense that goes on in the community. Someone on hand to stop the speeding vehicles would be a plus. Security at this point seems to be adequate unless there is more of a need than we who live in the community are aware of. Security presence if needed. We need to compare the cost of gates compared to the value it adds to our property values Security guard is useless. Save the money. Spend it on off-duty SJSO deputies - they are respected and if anything wrong is happening, they have the authority to do something about it. Cuts down on speeding, vandalism, and theft. The security guards really don't do much of anything. The only time I see them, is when they are parked in the parking lot. Guards are sitting in their cars, not patrolling the neighborhood. Increase in security of some type is needed. Cameras, gates, increased patrol or a combination thereof in light of

Security Presence Cont.	
Current security is useless.	
All nice to have but security should be first	
Security improvements	
would like to say that security guy is rude at times and should spent more time doing his job than sitting in the	
itness gym and watch TV.	
Why do we continue to pay for security when they do nothing? Their hours are horrible, when I have called in the hey tell me to call the SJC Sheriff. What purpose do they serve? We need to STOP the parking on the streets. REPEAT OFFENDERS are making the streets dangerous for drivers and children alike. We should ticket and cre	
evenue	
Ve don't need the security guard. If needed I would call 911	
ountains	
ake fountains with light are sorely needed and have always been lacking.	
Fountains in the lake would have a more appealing look.	
Fountains in front lakes would look nice	
ove the idea of a fountain in the main lake as you enter by the clubhouse	
ountains in lakes aren't necessary for us (we just like having lots of water features) but if they help keep the lake nealthy, we'd be for them.	
Fountains in the lakes would help with the alge that really gets bad in the late summer. It will attract birds. Yes, yo	es
have noticed there are a few fountains in lakes and I would love one in ours	
vould like to see a fountain in the front lake at our entrance. all residents would then benefit from this and our	
neighborhood appeal would be improved too.	
feel fountains would further the beauty of the community	
ove the fountain idea. Aeration might might help with the algae.	
Fountains in lakes=waste of money. There are higher priorities	
Fountains in lake- these require tremendous amounts of energy and are environmentally irresponsible.	
As to fountains in lakes I would like to know if there are benefits beyond esthetics	
The front lake on 210 really needs a fountain.	
Some of our lakes are could use fountains to keep them clean Fountains would be a waste of money!	
Pool-Heated Pool	
A heated pool would be awesome for us to be able to use the pool longer in the year.	اما
would love if we would heat the pool and I know many many many neighbors who agree. It'd be great if we coul even heat during the months that border the warmer months to keep costs down - e.g., heat through Nov, then b again in March, and just accept that there's no swimming Dec - Feb.	
Heated pool is #1.	
Heated swimming pool!!!	
Heated pool	
Vould love to have the pool heated for year round swimming laps. We already have a lot of amenities for kids	
Heated pools would be great!	
Heated pool, zero entry pool.	
Heated Pool	
Heated Pool! Solar heated possibly	
neated pool	
And wish list heat pool. would love to have the main pool heated year round. I am an avid swimmer and am forced to go to other facilitie	oo to
swim in the winter.	es 10
neat the pool,	
Pool-Baby Pool	
paby pool seem dirty and gross.	
baby pool seem dirty and gross. The baby pool is outdated and should be upgraded to a "splash park" type area	
baby pool seem dirty and gross. The baby pool is outdated and should be upgraded to a "splash park" type area Baby pool should be a splash pad.	
baby pool seem dirty and gross. The baby pool is outdated and should be upgraded to a "splash park" type area	000

Pool-Baby Pool
Baby pool is obsolete.
Baby pool is dated, I'd recommend an adult hot tub or spray ground.
the baby pool is just not really usable if you have kids of different ages since you can't supervise the bigger kids in the pool while watching the little one in the baby pool. The two areas need to be somewhat combined.
baby pool is outdated and not a feasible option, especially when you have older children who can't quite be on their own in the "big pool".
I feel that the baby pool is outdated and lacking compared to nearby communities.
Something really needs to be done about the baby pool. If you compare ours to other communities, ours is a circle with water in it!!!!
Getting rid of the baby pool would be an excellent idea and a real asset to our pool by installing a splash zone like other communities. Baby pools are outdated.
The kiddie pool is super outdated and usually gross
Pool-Aesthetics
Pool looks dirty/bad condition
think the pool area could use some sprucing up.
The pool's surface is starting to look worn. I would consider a resurfacing to give it a new look.
Definitely need upgrade to our pool area in general - it looks really tired!
Pool area should definitely be improved
Pressure wash the pool area
It appears that you are all over the only 2 things that could be better Fitness classes that accommodate working folks snd upgrading/updating the pool area
Pool-Misc.
My kids don't like swimming in the pool with all the kids who never get out to go potty. If they use the pool, it's usually
on a Tues (after chemical treatment). A 13+ pool would be nice! Regarding the pool, we use it very occasionally. We love kids, but it is difficult to relax at the pool when so many
under age kids are left unattended by their parents. I would use the pool more if that got under control.
pool is too shallow when doing laps on turn at 3' end. it's mostly crowded with kids/ teens. I think I've used the pool
maybe 2-3x a year for past 9-10 years. pretty expensive for \$2400 per year in cdd fees? rest of amenities pretty muc
not even touched!
The pool is a little small and to many kid's for us to enjoy it. Also you can't drink or bring food.
Last year's policy on pool usage greatly restricted adult use of the pool. If that happens again, there will be organized lobbying for change.
Need a Restaurant and Bar at Pool
Some sort of pool side snack bar with lunch and snack items including beverages like beer, margaritas, etc. I think this would get a TON of business from folks and be a good revenue source.
Adult only pool or second pool in a different location to offset crowds during peak hours.
would like a snack bar poolside like julington creek. Even if it had limited hours, it would be a nice addition.
an improvement made to the pool space
If plans are made for any pool area changes, more pool deck and chairs would be ideal, especially with the removal of the baby pool and adding of a play water park
Greater variety and availability of food and drink - something besides burgers and a side. Also, sometimes drinks
have been very limited - to sodas only, for exampleneed more water, lemonade, juice box type options
Fitness Classes
I love working out with Stacey and Billy and would love more classes if the CDD, HOA and other committees would quit kicking us out to hold their meetings.
do not use the fitness center because I enjoy group classes and the classes there are too expensive and are not frequent enough, so I joined an outside gym.
Free classes
Stacey is a phenomenal personal trainer.
Wish there were more classes offered in the early morning - like around 5:30am
would like more evening fitness classes - especially a bootcamp type class with different stations.
Not enough classes, limited times and too expensive. A major disappointment again in our association. Have to pay
for a gym membership just down the road to actually get adequate classes.
Need more after work hours and for beginners
We both work full-time. So, we need evening classes.
Wish there was more in the evenings I would love to see a 5:00 am boot camp. The availability of classes is more geared to mid morning times.

Fitness Classes Cont.
ALWAYS CLASSES IN THERE
Based on the past few months with the scheduling conflicts for the Monday night classes, I'll have to say somewhat
dissatisfied. It doesn't work out very well when there are 2 classes scheduled for the same night and time and only
one room available. Yes, one room based on the HOA and CDD meetings. Times or dates should be modified to
accommodate both classes. We are residents paying for the classes supplied by outside vendors.
Too expensive, often gets cancelled, no childcare.
like them when I go. Wish the room was bigger!
like the availability, but find them too expensive. For the price of one class per week, you can get a single
membership at the Y with unlimited classes!
I don't use the classes.
I do not attend these
Times seem designed for those at home during workweek
No interest
something on Saturday?
Would like to see Zumba added with morning n night option.
Do not use fitness classes as I use an offsite trainer
Unhappy that the Monday night Yoga that has been ongoing for the 10 years I have lived here seems to be getting
second place to other activities that have just started.
wish there could be a spin class and I would cancel my Y membership :)
I haven't attended any yet, but there are lots of options that I am interested in trying when able to do so.
Do not use
the air con is set way too high! the equipment needs to be serviced more regularly.
This is one of the finer assets of our neighborhood.
wish there were more in the mornings and maybe a lunch class available
We train with SPT (Stacey and Billy) and are very satisfied with them.
I don't use the facility currently, but know Stacy does a superb job.
How about beginning a bike around the neighborhood or walk around the neighborhoos weekly activity. I would be
very interested in that. As a senior I remain active but I feel the physical activites related more the the younger
residents i.e. boot camp, 5K runs etc.
Would have better attendance if childcare offered for some classes.
We have home gym
LOVE THE YOGA/PALATES CLASSES
Too expensive for classes
More evening classes offered would be nice.
It would be nice to see some of the bootcamp/circuit style (ie. superstations) classes offered in the morning to be
offered in the evening on occasion.
I wish we could do more and not be kicked out for meetings
Seemed to be cancelled quite often.
Water aerobics, walking group that is not to challenging.
A real first class addition to faclilities
Seems like we have a good varity but we don't use them
We need better hours. Most of us work and cannot attend during day hours
Awesome facility
Not enough variety in times offered for classes. Seems that classes are cancelled often.
Would like to have a Zumba class or jazzercise.
More options and times! What about prenatal yoga or more yoga classes.
Wore options and times! What about prenatal yoga or more yoga classes. Would like Saturday and Sunday classes.
would like Saturday and Sunday classes.
Overpriced. Can join classes of interest for unlimited per month, with more class time availability.
Love the fitness center and the instructors.
Cancelled too often.
Would prefer more night classes.
Would always like more evening classes
don't go, but see a lot of cancellations
ut t go, but dee a lot of cancellations

Fitness Classes Cont. We are not a large community compared to some so I am sure it is hard to find the right schedule. Like having the opportunity to participate if we so chose. Little work for working folks Need more evening options for people who work during the day. Need more classes early am or late evening or Sat am to accommodate interested parties that work full time. 6am classes would be nice In many gyms, there are several free classes offered with membership. I think there should be a weekly class offered to residents for free. Times are inconvenient and cost are too high Need to add more classes available for working parents not just AM classes. Zumba would be nice.

Need to add more classes available for working parents not just AM classes. Zumba would be nice.
If abildaara waa offered I would like to ooo mare alaasaa being offered
If childcare was offered, I would like to see more classes being offered.
I think the classes are way too expensive
Classes / boot camps should be made available with a babysitting option. Parents with small children and busy
evening schedules cannot attend the classes or easily use the fitness center.
Not a lot of availability for working people. Needs more intense classes like Boot camps.
Also classes in the daytime for seniorsk
would be nice to have evening classes offered for us working parents
they can be expensive
SINCE THEY ARE NOT FREE THIS IS NO A QUESTION THAT RELATED TO BUDGET.
Not many options for people who work. Also with the CDD fee already being paid some classes should be free
not enough late and weekend options
Offer in evening!
I take Rola's classes and love them - cross-training.
We both work full-time. So, we need evening classes.
As I said, I haven't partaken in the classes but I know others who have and I think they are very pleased. Oh - I have
done the boot camp a few times which was really good.
Due to scheduling conflicts I have not attended a fitness class.
My daughter tried the kids' yoga class, but I thought it was pricey for the shorter time period and the experience
wasn't what we expected.
he ability to have childcare during classes would be nice.
I've heard good things about all of them
I go to YMČA
No longer participate in classes.
Boot camp is great
something on Sat?
Know most neighborhood is young people, but would be nice to have some classes for those with disabilities.
I love Stacy Bone. If I had more time, I would love to participate in any of those classes.
Would love to see a Zumba class or even a Ballroom dancing class for couples especially empty nesters
The cross train class w/ Rola is fantastic
Adding ballroom dancing classes would be great
Stopped trying to go to yoga because it was cancelled if minimum attendance wasn't met.
I have only taken the early morning boot camp classes, which were great.
I would prefer classes at 6 am.
Wish we had more classes directed by Stacey
I use Billy Bone as a personal trainer but do not use the other programs
Do not attend some as they are during the day when I work. More evening classes would be gd
Are the costs posted somewhere for the classes and also for the personal trainers?
I do fitness with instructors.
Haven't been to the other classes because they don't fit with my work schedule
רומיטרי שטטר נט גויט טוופר טומששט שטטמעשם גוופץ מטרר זוג שונורדון שטות שטובשנום

The class by Rola is not listed but I find it very helpful. T is fantastic. Can't attend during the day. Would love more Yoga offerings and Zumba. Class schedules prevent me from attending would love to attend poliates or yoga but it seems as if the times are geared for people who don't have to go to work. By 9 an 1 an atready out to work. Any classes held on Monday or Friday or weekends in the earlier morning 6:00 or 7:00 even 7:30 will allow folks to get to work. Linkin it would be nice to have some classes directed to over 50 Haven't had the opportunity to attend because of times offered Wendy is fabulous-we have not attended other classes. they should be free I train with Billy Bone. Would also love a flat monthly fee for exercise classes/trainers. They have no overhead and use our facilities for no cost, yet they charge as much as or more than all other gyms in our area who pay their own operating costs. Fitness Equipment I would have some free training on how to use the machines and which ones do what. Lessons are very expensive. Minor equipment maintenance in the fitness room should be addressed in a more timely manor Get some quality treadmills for the fitness center instead of the junk we have now I lowe the fitness center, but can only bike. Would love to have another bike or possibly be able to use the pool year round. The eliptical machines are making alot of noise and there is one with the handle falling off Treadmills are oid. Lipticals are oid. J bike only. The benches are all missing knobs to make elevation changes. Most of the cardio equipment no longer have access to cable. Cable machines similar to the ones purchased are very difficult to keep working- there are more efficient machines avail which can not be troken (hammer strength). Could we get a revolving staircase machine? Need abdominal machine Quality of the equipments are poor and not enough tread mills during the busy hours. Please add rowers. Think with the amount of use that our treadmills receive that more money should be investe
Can't attend during the day. Would love more Yoga offerings and Zumba. Casas schedules prevent me from attending would love to attend pilates or yoga but it seems as if the times are geared for people who don't have to go to work. By 9am 1 am already out to work. Most of the cardio equipment no longer have access to cable. Cable machines similar to the ones purchased are very difficult to keep working- there are more efficient machines avail which can not be broken (hammer strength). Could we get a revolving staircase machine? Need abdominal machine Quality of the equipments are poor and not enough tread mills during the busy hours. Please add rowers. I think with the amount of use that our treadmills receive flat more money should be invested in more of them or make sure they are running properly all the time. The TV reception I hope wil
Class schedules prevent me from attending
By 9am 1 am already out to work. Any classes held on Monday or Friday or weekends in the earlier morning 6:00 or 7: 700 even 7:30 will allow folks to get to work. I think it would be nice to have some classes directed to over 50 Haven't had the opportunity to attend because of times offered Wendy is fabulous-we have not attended other classes. Itrain with Billy Bone. Would also love a flat monthly fe for exercise classes/trainers. They have no overhead and use our facilities for no cost, yet they charge as much as or more than all other gyms in our area who pay their own operating costs. Fitness Equipment I would love to use the fitness center if they have better equipments and add rowers in. Wish they would have some free training on how to use the machines and which ones do what. Lessons are very expensive. Minor equipment maintenance in the fitness conter is they all we have now I ove the fitness center, but can only bike. Would love to have another bike or possibly be able to use the pool year round. The eliptical machines are making alot of noise and there is one with the handle falling off Treadmills are old. Elipticals are old. 1 bike only. The benches are all missing knobs to make elevation changes. Most of the cardio equipment no longer have access to cable. Cable machines similar to the ones purchased are very difficult to keep working- there are more efficient machines avail which can not be broken (hammer strength) Could we get a revolving staircase machine? Need abdomial machine Quality of the equipment. Not expensive. Excellent equipment. Fitness Equipment. Fitness Center is the seen at community club A rowing achines screter is the addition of them or make sure they are trunning properly all the time. The TV reception 1 hope will improve once the cable situations is complete? Treadmills are in need of repair way too often. We need to fix Cable connection to the TV's embedded in them. The fitness center is best Tve seen at community club A rowing machine would be a great addition Use it 4 days a w
By 9am 1 am already out to work. Any classes held on Monday or Friday or weekends in the earlier morning 6:00 or 7: 700 even 7:30 will allow folks to get to work. I think it would be nice to have some classes directed to over 50 Haven't had the opportunity to attend because of times offered Wendy is fabulous-we have not attended other classes. Itrain with Billy Bone. Would also love a flat monthly fe for exercise classes/trainers. Need abdominal machine Quality of the equipments are poor and not enough tread mills during the busy hours. Please add rowers. I think with the amount of use that our treadmills receive that more money should be invested in more of them or make sure they are running properly all the time. The TV reception I hope will improve once the cable situations is complete? Treadmills are in need of repair way too often. We need to fix Cable connection to the TV's embedded in them. The fitness center is great! We really should add a chinup bar. Not expensive. Excellent equipment. Fitness center equipment is best I've seen at community club A rowing machine would be a great addition Use it 4 days a week and it's great treadmills are often broken There is very little available for back/lats. Some of the machines purchased for the back execise are very un-usable with heavy weights. as above just needs to be better maintained We have one of the finest facilities around The fitness center issues: equipment maintenance needs to happen more often, TV channels not available on all
Cable machines similar to the ones purchased are very difficult to keep working- there are more efficient machines avail which can not be broken (hammer strength) Could we get a revolving staircase machine? Need abdominal machine Quality of the equipments are poor and not enough tread mills during the busy hours. Please add rowers. I think with the amount of use that our treadmills receive that more money should be invested in more of them or make sure they are running properly all the time. The fitness center issues: equipment maintenance needs to happen more often, TV channels not available on all
running/training equipment, additional weighted bails needed, additional small weights needed.
Heavier kettlebells
Rowing machine
Stationary bike
Stationary bikesneed more!!!!
The new equipment is low quality. Something in there is always broken and needs better maintenance.
Could use a little more attention under equipment and in out of the way corners etc.
LOVE NEW GYM
There needs to be more stationary bikes, and those being the upright kind, not like what we have, where you sit with
your legs out!

Fitness Equipment Cont.
too small area
need more equipment, better MAINTENANCE and UPKEEP
would like lat machine
The gym is great, very happy with it.
This is really a nice fitness center.
It seems every time I go there are multiple treadmills not working
Not enough consistently operating treadmills Would love to have an upright bike, only have 1 recumbent and better elliptical- ex running kind.
It would be nice to have a spinning bike and a rower
Would like additional bikes and Pilates machine.
Need lat pull down and decline bench
Although I wish they would bring back the Ergo rowing machine option
We need the TVs to work in the cardio area. Everything has different channelssome don't have the same one the
one next to it hassometimes they don't work, etc.
Adeguate but the treadmills need to all show the same TV channels.
The equipment needs to be kept in better repair. Something is always broken. Would like to see another stationary
bike.
No bench press
Need another bike. Equipment needs to be kept in better repair.
Would like to see one more bicep machine and another cycle machine.
There have been several different times my husband has been in the gym and either the equipment parts are broken
or not functioning properly. He has noticed the same piece of equipment that is not functioning for 3 weeks now and
anytime he has said something about it, the response is "the part is on order". The CDD spent a lot of money on this
fitness center and needs to keep up the equipment to be in working order.
he fitness equipment is wonderful since the upgrade a few years ago.
Crappy treadmills
Another Olympic bar, bumper plates, boxes
Need additional bike seems to be high need
Would like rowing machines, stationary bikes (not recumbent), lats/ dips machines, more kettle bells
Need more treadmills
add a rowing machine. need a spinning bike
TRED MILLS ARE COMPLEX. NO INSTRUCTIONBOOK. SHOULD ALL BE THE SAME. TOO CLOSE TOGETHER.
TOO MUCH CHATTER. SEE PALENCIA.
NEED SOME TYPE OF PULL DOWN DEVICE.
NEED MANUALS FOR ALL DEVICES.
NEED MANUALS FOR ALL DEVICES.
ONE FREE ONE HOUR FOR FITNESS PLANNING WOULD BE NICE. SHOULD BE PRO BONO FOR TRAINER
FREE USE OF FACILITES.
Need more cardio and they should work. Ventilation and cooling needs adjustment
Concerning the fitness center, it's always hot. Maybe lower the temp. Concerning the treadmills, on some of them,
there are very limited # of channels.
Fitness Center Misc.
Do not use fitness center because there are no child care services for under 5 years old.
Not exercising. Need to start. Glad fitness room is there for when I do.
My kids do occasionally use the fitness center. I was a former client of Billy & Stacey's and no longer feel comfortable
in "their gym
Not using Fitness Center as there is no child care.
Fitness Center: Would like access earlier in the morning. I go into work early and would like access around 3am or
3:30am
Gym needs limited hours childcare
-Fitness Center has to many people that like to just hang around and get in the way.
Dad'\s were always holding machines for their football sons when we tried going this summer, so we made other
arrangements. Teenagers usually had the machines since then.
No fitness center bc I do not have childcare.

Fitness Center Mis	c. Cont.
---------------------------	----------

I would LOVE to be able to access the fitness center but am not able to since there is no sort of kid zone or kids club. My family has to pay an additional fee to be members of another gym in the area, just to have the convinence of childcare.

Our family enjoys the fitness center but do not play sports.

kid care at gym.

I would recommend a fitness trail. We already have the sidewalk in place - it would only require adding the fitness stations along the way. There would be plenty of space along Leo Maguire to place several fitness stations, or they in various areas throughout the neighborhood.

Walking or running trails, i

Nature trails in the wooded areas around the perimeter of the community, or elsewhere permitted

Add balance balls for yoga. The Fitness Center does not want us to use the ones in the actual Center.

Soccer Field Usage/Misc.

The Soccer Fields seem to be full with teams practicing which prevent community access.

Too many from outside the community using them (teams, etc.).

With Soccer being very popular sport it might be a great idea to build a small concrete block wall for kids to be able to bounce the ball against. It doesn't seem to be an expensive additional and can be utilized by many kids as can also work for lacrosse, etc.

Keep golf carts off the soccer fields. Keep teams from playing on the fields when their club fields are closed due to weather (i.e. if it's raining hard at Creeks and they don't want you on their field why would you come to ours and tear them up?)

It would be nice if dogs were kept out of soccer field and volleyball / picnic area. Signs would be helpful.

What about adding lighting to the soccer field? This would be especially useful in the winter months when it gets dark early. They could be on a timer so they don't stay on past 9 or 10 and disturb the houses nearby.

Basketball Court-Misc.

Lights at the basketball courts

FYI, surface on BBall court beginning to crack.

Volleyball Court-Misc.

Both volleyball court and baby pool seem dirty and gross.

My kids use the volleyball court as a sand box.

Volleyball court has had glass that cut a friends foot in the past.

Volley ball court seems a waste, unless someone organizes a weekly adult program.

. Playground-Misc.

The playground we use every weekend. There are so many splinters though the kids always leave with some in their hands.

The playground desperately needs to be updated. Having a child risk playing on that splintered wood makes it a notso-fun experience everytime we venture to the playground.

Would like to see updated playground

We use the playground quite a bit. The wood is very old and splitting. It could use maintenance over just repainting. It needs to be sanded or frankly a overhaul so that when a little one falls they don't cut there knees up on the splitting wood.

Wood playground rotting and splintering. Unsafe and unsightly. Replace with a trex like material that will last. The playground needs some serious attention as the wood is rotting and could be considered a hazard. Also they cut down a large tree which created shade over the swings-- anyway to replant vegetation? or at least vote before this happens?

Wood playground needs improving. Wood chipping off and causes splinters.

Many people not living in our community use our amenities. We are not a community park for all of 210! Tennis-Misc.

In case you're interested, the cracks that were fixed last year have resurfaced.

play tennis. it would be nice to add more courts so we could join leauge.

I think we could use a little more attention to the tennis facilities. We have three very active women's teams that play here, and it wasn't even mentioned in the questions. It would be great to get a hitting wall to be able to practice. Maybe even a couple more courts!

Improve tennis amenities. Bathroom near courts and playground.

it would be nice to have another tennis court so residents in our neighborhood could participate in USTA leagues. You have to have at least 5 courts. Also, we are in desperate need of locking the tennis courts. People from outside the community are coming in using the courts and often times even bringing their own coach.

Tennis Cont. We'd also love to see cup/ball holders on the ends of the nets at the tennis courts and recycling bins to place used balls and cans into that can also be used for water/sports drinks. Would love to see upkeep of the tennis courts. We have 3 active teams and many rec players. Additional facilities (restroom) by the playground/tennis courts would be great. It's the #1 question visiting teams ask us..."Is that your closet restroom?" Some cup/ball holders to be added to the tennis courts, building additional tennis courts so we would qualify for more leagues like Working Men's/Women's, Country Club League etc. I would highly recommend not putting batting cages any where near the tennis courts. This would be very distracting! Would love additional tennis courts so that we could qualify for league play. Also would love to have cup/ball score attachments that hook on side of tennis nets. more tennis courts there are so many tennis players in our community and many teams that play and practice on our courts throughout the week. We would love to see upgrades to the courts, including ball holders and beverage holders at the net. Yes, we need to upgrade tennis courts. We should add equipment to courts. Would love to see more tennis courts added so neighbors can participate in more leagues that require 5-7 courts. 4 courts is very limiting and many neighbors have to join other clubs to be able to play working men's/women's, Country Club League etc. Would like the awnings over the tennis court benches replaced soon. Would like to see score cards/drink holders added to tennis courts. I would highly recommend not putting batting cages any where near the tennis courts. This would be very distracting! Tennis is growing and moving families may consider the courts. Not having clay is a disadvantage. We are one of the few communities with a tennis team that does not have clay courts. My parents chose another community due to that. Hard courts are hard on joints. Expanding the tennis area seems logical. We have a beautiful environment. More tennis courts. They are often all in use. Also, only having 4 limits the leagues our neighborhood can participate in. additional tennis facilities would be great. It's a quickly growing sport in all age brackets and we don't have enough courts available for use. Add Clay tennis courts **Grounds Maintenance and Facilitites** Maintain our current amenities and provide more funds for the grounds that are now looking very tired throughout the community. Huge need for dog waste receptacles. The perceived common land areas are full of dog droppings. Rather than adding dog waste receptacles, we should start handing out very large fines to dog owners who leave feces in their neighbors yards and and larger fines to those who leave feces on our sidewalks. Do not create unsightly dog trash bins. People walking dog should take full ownership off the waste not be shared by the community. see plenty of plastic doo bags when walking Dog waste trash would be great then maybe people would pick up their dog's waste. Maybe dog trash receptacles in common areas but we need to get people to use them. Soccer field is disgusting. Double vote for dog waste! current trash cans can be used for dogs at community functions. on walks, owners should keep bags handy. dog waste issues should be reported to HOA, not an expense all homeowners should be responsible for- not practical. There is a problem with dog waste. I notice some dog owners are throwing their filled poo bags in the landscaping and natural areas. Also, teenagers tend to go in the woods and party, leaving their cans and bottles behind. Trash receptacles for both humans and pets would be a great idea. Also some tasteful signs regarding littering, like they have in Deercreek. ho would empty those dog waste receptacles, and that would be disgusting, and unsightly. We really need dog waste bags and receptacles. Dog poop is a big problem in the Stonehedge Trail Lane section of the neighborhood. I have a large dog, so I am always out walking. I am always amazed at the number of of lazy, inconsiderate residents who do not pick up after their dog. Perhaps if there were waste receptacles with bags people would be more willing to clean up after their pets. The main reason I'd like dog wast receptacles is because we've found bags of dog waste thrown in our trash can after trash has been picked up on trash day, thrown under bushes in our yard along the sidewalk, and even thrown into recycling piles of limbs (like they are going to take the bags of dog waste too) all by rude people in the neighborhood. We are dog owners ourselves and do not like this irresponsible behavior. I've also seen people not clean up after pets in common areas as well. Dog waste trash receptacles would be wonderful! Would love dog waste receptacles!

Grounds Maintenance and Facilities Cont.

Just more trash cans. Not just for dog waste

Dog waste trash receptacles would be nice as long as there is someone to continually manage the disposal of it.

The community fence along I95 has been damaged for sometime now. It looks like crap and needs to be repaired. If people actually picked up after their dogs, waste receptacles would be helpful, but not necessary if lazy people don't pick it up in the first place.

It's Florida- dog waste receptacle will smell horrible in the summer. People may think it sounds nice, but after one summer, they will say "not near my house".

Sound barriers from I-95.

A garbage can at every bench would be great!

Dog waste trash is another must, but who will take care of them???

Having a place to put trash and feces promotes correct behaviors. Make it easy for people to do the right thing! I think the dog waste trash receptacles is a fantastic idea!! Sadly pet owners are still not cleaning up after their pets,

even with all the reminders that are sent out.

Bathrooms need to be cleaner, not upgraded

For the bathrooms, maybe just a counter / caulk refresh would be sufficient (and leave \$ for the splash park ;-)

Bathrooms closer to the playgrounds. The dog waste receptacles are a waste because people don't pick up after themselves anyways and they would just look bad.

Dog waste trash if they are emptied daily.

Need Trash cans period through out community not just for pet waste.

Dog waste should be the last on the list...carry your own bag.

We need dog waste for walking and running

Do you know how hard it is to jog with poop bags it's nut fun. It will free your hands up to control your dog easier Bathrooms are in need for upgrading and decorations would be nice to increase during holidays. Dog waste receptacles is a very nice idea around the soccer field and pool areas.

Trash receptacles around the neighborhood especially along Leo Maguire.

Also, signs to remind dog owners that they MUST scoop poop or face a fine.

Upgraded bathrooms to include showers

There should be garbage pails by each existing bench. We pick up garbage constantly in the common areas, no pails.

Sign should be moved to our first entrance.

there is often dog waste on our lawn.

Dog waste trash receptacles is a great idea!

Possibly widening the walking path along Leo McGuire pkwy, to alow space for bicycles and pedestrians. No shoulder or bike path creates a hazardous condition.

I think a lot of people complain about dog feces in their yards. I walk my dog and always pick up the mess but it would be great if there were places to discard the bags. This might encourage others to pick up after their dogs as well. Handyman needed to address broken and damaged items. Things stay broken and in disrepair far too long after

being reported. Homeowners shouldn't need to report issues, facilities should be monitored daily for cleanliness and damage. Overall, community needs lots of repairs to get back to original appeal due to lack of maintenance.

Outdoor speaker system around pool for music. Maybe remove hedges from baby pool to big pool for parents with both baby and older kids so they can keep eyes on older kids while with baby in small pool area.

We are not a country club. We just have those words in our community name. Be careful how far you go in making our amenities luxurious. Make them sustainable and make them fit our budget. Use the long range plan that Charlie Shepard's company set up in his study of our budget and our needs. Stop spending so wildly.

A CARD ROOM WITH SMALL KITCHEN, NO STOVE JUST MICRO AND REFRIGERATOR. FOR ADULTS ONLY. Bathrooms really need to be upgraded with exhaust fans and a new makeover would be nice

Some of the bathrooms could use updating

Showers in bathrooms for those who use gym before work

Bathroom near playground or tennis area? Maybe only accessible with card or key?

Updated Bathrooms - YES PLEASE..its gross especially during swim team. We have the dirtiest bathroom of all the pools we go too.

The ladies room by the pool, the sink area is nasty and needs to be fixed.

Have a full time maintenance person on staff to keep items in good repair/ looking nice. There is no reason there should be visibly damaged or broken items for multiple weeks and months. Create a system for community members to easily report damaged items that provides updates back to community on estimated date of repair...ie link on web or app

ould love to get a handle on grounds maintenance where massive amounts of sod replacement are not required.

Re Pave front of community road up to at least the St Johns road turn off.	
Sidewalks	
The sidewalk by the soccer and basketball court needs to be reset and drainage fixed. When it rains there are b buddles and kids have to walk on the road to avoid getting their shoes soaked putting them at risk of being run by a vehicle.	
Landscaping	
More flowers, landscaping in the community to keep it looking fresh.	
The entrance to Eagle Point off of Leo McGuire looks bad. All of those dying bushes need to be replaced	
Remove dead plants	
CDD needs to focus on infrastructure as the roads, trees, and sidewalks are nearing 15 years old. Live oaks be sidewalks and curbs? Brilliant planning!	
To save on expenditure, spend less on CR210/McGuire landscaping, and more inside our community. Leo McG s used by another community (Glen St. John) besides ours, and will soon be used by many more. Why should inance it's beauty?	
Lighting	
Also consider fixing our street lighting to render the same color/temperature. We need more such street lights. T are many dark seas in the community.	There
ights on street signs.	
t would be nice to have more lighting throughout the neighborhood. Some parts of the neighborhood are really A lamp post would make a great difference.	
It is very dark at night when I walk my dog and I always bring a flashlight for additional light and safety. If dive a	around
you will also see many of the street lights are not working. The front community parking lot is not well lit.	
would like to see more lighting in the community as i think there are still areas that are too dark. I Our neighborhood is very dark, and could use some extra [landscape] lighting. T	
Additional lighting wastes energy. Most new communities are going the opposite direction and trying to reduce	
designed lighting.	
andscape lighting at the four main entrances and club are would enhance the eye appeal Additional street lighting is needed.	
mprove lighting throughout the community. There are areas that are very dark	
More lighting around the cart path going toward St Johns golf drive and play area. A lot goes on in those areas	late at
high that shouldn't.	iato at
More lighting needed on St.Johns Golf DR and Eagle Point Dr. these are the main roadways traveled throughou community and they are very dark.	ut the
More lighting in the streets. Some areas are extremely dark on St Johns golf drive.	
am not sure if this is part of the CDD but we need more street lights throughout the community	
Better street lighting	
Community Room	
Community room - Unfortunately it doesn't even compare to the other communities on 210.	
am glad we have the community room but it could use some decorating to make it feel warmer.	
The community room could be updated after the splash park.	
The community room is used for a myriad of events, and could look better.	
Currently looks pretty barren- and lacking any decor. (bathrooms and community room.)	
"Upgrading the community room" is very broad so i'm saying no; depends on what you intend to do.	
Jpgrading the community room would be good. It smells in there and looks like a gym locker room. In reality a separate community room should be built.	
Community room doesn't have seating capacity for large meetings, as evidenced when Silverleaf came over for presentation.	
Community room is of very low standard. Not fit for any formal party like Anniversary. need better room, kitchen furniture and better interior, etc.	١,
The community/party room smells.	
Benches	
A few benches might be nice along the perimeters of the soccer field and basketball courts.	
Ne don't need any more benches or other forms of urbanization (i.e. signs) that detract from aeshetics	
The benches installed are an eyesore. They do not fit the aesthetics of the community	
As I walk and drive through the community, I see VERY little use of the benches we now have.	
The benches are creepy.	
The benches that were just put in don't seem to be utilized at all.	

I never see anyone sit on those benches! I hope you don't put in more
The benches that we already have are a waste of money. The only time I see them being used is when kids are
waiting for the bus and they are usually just standing on the benches, not sitting.
Never seen the current benches used see no need for more
Miscellaneous
Use it all at various times, appreciate all of it!
We need a dog park under the tower to keep out the riffraff.
Our family are all adults so and some of the amenities are more suited to children/teenagers.
Golf cart parking around the pool and playground areas.
I believe that we do not have to be a formal neighbor watch but if we "all are more sensitive to strangers we can serve
our own interest.
Ping pong tables at the pool would be a great addition.
I am concerned that this CDD board is pushing its own special interestsi.e. swim team, toddlers. The swim team
serves a very small % of our residents. Why do we continue to buy them clocks, lane ropes, flags, etc.? What do we
get in return. Some supervisors will not be re-elected if they continue to spend our money on these special interest
segments
Better exterior lighting and night time swimming
Tired of people who don't live in our neighborhood destroying our facilities.
Cost of "no" answers would be better used to maintain and update present amenities.
Classifieds on website- to sell items, teenage jobs (dog sitting, babysitting)
Social network on website to find walkers/tennis players, etc
Updates to the pool amenities
Designated dog park area.
Fishing pier along Leo maguire and 18th fairway lake
Horse shoe pits
Skate park for kids would be excellent
Our first Christmas here in the community - it was a major disappointment in the lack of decorations.
I would rather see \$\$ go toward better holiday decor, than fancy bathrooms, benches, lighting
Dog park
Lighted decorations on our poles on Russell Sampson would be a nice touch.
I think Christmas garland that was put up should have lights. We should also have a small kitchen that would allow us to buy food, ice cream, and drinks. This would probably be
the best improvement we could make and we would make money off of it, especially during swim team weekends.
decorations would be nice to increase during holidays
HOLIDAY DECOTATIONS SHOULD ALSO INCLUDE THINGS FOR THE JEWISH HOLIDAYS
I would change the notice board on Leo McGuire from manual posting to an updated LCD board so more information
can be provided
Thank you for the opportunity to voice my opinions
Only drawback to this neighborhood from others in the area is the high amount of noise from the highway. Seems
lately the noise has gotten worse- possibly from the fences along the highway that seem to be in serious need of
repair. Candidly the noise is so annoying at night its the only reason I would consider moving from the neighborhood.
Build a kitchen with a quick serve format allowing people to order food, drinks, and snacks when the pool is open
(Spring Break and May to September). Several other communities have this amenity. It will make our homeowners
happy, and if it is done correctly could turn a profit for the CDD.
Suggest you send out via email the entire "book" that supervisors receive prior to meetings. Other communities do
this and its informative and brings more residents to the meetings.
CDD 101: A class that would explain the structure of a CDD; how ours was set up; what it funds; how it works. Offer
in the months CDD does not meet.
I would love to see a message board for the website. I also think our community would benefit from a larger clubhouse.
Our facilities are for the residents but anyone can walk over and use them - soccer field, basketball courts, etc.
Something needs to be done to stop this or our community becomes anyone's playground and this is not in our best
interest.
'd like to see a boat/RV storage facility for residents' use.
I would like to see a multi purpose sport court (hockey, basketball) built in the open area right by the communications
tower and cemetery.
I would like to see music pumped in at the pool and maybe a snack bar.
Bike racks at school bus stops.

Aiscellaneous cont.	
he lights in fitness room (treadmill area) go off (for about 10-15 seconds) when nobody in weight machine are	a. This
ould be dangerous when on the treadmill and lights go off.	
lany people not living in our community use our amenities. We are not a community park for all of 210!	
poolside bar would be nice. We feel like we are on vacation when we go to the pool, and if you sold adult	
everages (even kids non-alcoholic beverages) at the pool, you would make a TON of money and the adults w	lould
njoy it more and probably stay longer	oura
/e would love a dog park! We would love concessions at the pool. I would love to have live music at the pool of	on
riday afternoons.

Holiday Traditions this year was really lame - older kids took over the pile of snow, making it dangerous for small ones. Also, the same game company made it feel like a lamer version of the Fall Festival. I've never used the services that I marked as "average." I have noticed that the festivals at the clubhouse don't seem to be good for kids under 5 anymore. You should have a couple smaller bounce houses with signs for kids under 5 only. I see we're using a mobile game company but i see many parents saying they arent coming back until their k	
80's party book club 7/4 Fireworks Show; Monthly picnic on soccerfield maybe something that involves pets? Food truck days, more 5k events, kids fitness clas camp out on soccer field, golf cart scavenger hunt Meet your neighbor events. Adult socials Family friendly fun team competitions on the field Wish there are more activities for people in their late 40s and up. not older but better senior event Would love more community gatherings so families can get to know neighbors better Also as retirees we enjoy our grandchildren but like to get away from the hustle and bustle of kids and today's modern parenting. Glad to see the NOBB activities but again could not attend because of scheduling conflicts. Hope to make the March event. Facilities are not large enough to accommodate participation comfortably. The 210 Challenge seems too commercial (Spa Me too prominent) - I liked it when it benefitted charity. It's very hard to move around when kids are running around and strollers are trying to be pushed through the small area. The home makeover vender night was also a great idea!!! Would like to see that again. Not sure if the CDD had any input in that I was disappointed with the summer camp last summer. There doesn't seem to be enough supervision of the kids. My	
need to have food trucks when we have garage sales or events. would like more for 3-5 Year olds Holdiay Traditions Event is extremely crowded and maybe is should be for only older teen children and adults. feel comfortable with the supervision that would be provided for younger kids.	youngest child will be eligible for camp this summer and I would love to send him to the community camp, but I don't

I wish the Spring Fling and the Holiday Traditions events were as good as the Fall Festival. We have skipped the others the last couple years because they leave a bit to be desired.
Kids nights out should allow younger ages. Summer camp is great but not sure why it is limited to a max number of weeks per child.
Bring back the St Augustine trolleys at Christmas. That was very special. The 5K/10K is a great idea, but it makes traffic horrible! There needs to be some kind of traffic control for that event because the runners are taking up one whole side of the street and it is almost impossible to get by when cars are coming the opposite direction.
There are a lot of events that cater to older children. There needs to be activities geared toward younger children, younger than five, please!
Kid's night out is too expensive for families with 3 kids. I usually pay \$10/hour for a babysitter.
Hold more for those still working. Have speakers or classes.
We need water aerobics in the summer and a Silver Sneakers program like what she attends at the YMCA. I would like to see our kids earn volunteer hours helping our seniors at home.
looking forward for this N.O.B.B. to catch on. Like the idea of Bingo, Cards, maybe a Monty Carlo night, etc. Events where it just doesn't include couples.
Guess I'm feeling like it's geared to less active older adults that must be retired as who can go at noon for coffee or 6pm. I have no interest in BINGO. We are more interested in dining out, or perhaps cards, or bike riding or a Zumba class, or perhaps a wine tasting, or a cooking event, or Ballroom dancing class or Country western dance night, orsomething active adults would like. We are empty nesters but not retired and would love to do things with other couples.
I think you guys do a great job with the community events, clubs, etc. And I was happy to see a neighborhood book club. I haven't had a chance to join in the fun but I hope to in the near future. Live music events. Movies on the lawn. Poker nights. Cooking classes. Cigar smoke out. BBQ cook off. Chili competition.
attendance is up, with more publicity and possibly day trips to casino IN tAMPA WOULD RAMP UP.
Attended once but felt it was a closed group. Would like to see a bridge club started.
Offer CDD 101. Many residents have not idea what their CDD fee pays for. Have more home improvement classes/shows like the Watts recently held at the club. Help people know how to maintain their home. Teach them how to care for a Florida lawn, a neighborhood pond or what flowers to plant and when. Use residents to teach some of these classes. We have talent here.
Still work and neither of us are into coffee & donuts or potluck Bingo. Thats not a criticism just our preference. Maybe more interest in out to dinner once a quarter, wine tasting event, or occasional cocktail hour.
Overall I am happy with what is offered. I have a 2 year old so can't take advantage of day fitness classes. Maybe some mommy and me classes or classes with child care.
Overall a good job but increase the events for adults only as we empty nestors age and don't need to have as much ice cream ha ha.
Newcomer family picnic? 7-8th grade girl get-together?
I wish there were better swim lesson options. We have had 2 unsatisfactory experiences with Elite. Scheduling through the company and then relying on the individual instructor to make his/her own schedule is complicated and unreliable. I suggest designated swim lesson times with reliable and consistent instructors who will make you a priority.
Having ethnic festivals like Irish, italian, Greek with outside vendors would be interesting. A once a month , such as first Friday of every month, live music entertainment, bring your own chairs, and have food truck vendors on the soccer field.
Dart boards in community room and create a coed dart league that can play other communities. Maybe not having the holiday tradition event so close to Christmas. Consider having it 2 weeks prior to Christmas. We have been out of town for the holidays the past 2 yrs and had to miss it. I know a lot of other families had to miss it too since they were also already gone for the holidays.
Too focused on 20 and 30 somethings with toddlers through pre-teens. Need to expand to wider age groups without children. Also, teen programs can help with crime / vandalism control.
More activities for the retired community. improve scheduling and communications. we have had lots of events that overlapped, Swim meet anf weddings. Bithday party and Pilates class etc

Events Suggestions Co	
	ng teens to do (those between 12-15 that can't drive yet)
event possibly tied to an	
If any money is left over neighborhood, which is g	, use it for programs for young kids. This will keep bringing young families to our good for all of us.
Just would like to see so 3BQ or Wine & cheese o	me more activities geared towards active adults as well. I'd love to see an Empty Nester or cocktails and h'ordeurves, or even golf outing, or Ballroom Dancing etc to get some of the

Something like a beer or	wine tasting eventheld after 6:00pm
	saturday evening - providing appetizers/pasta bar/potato bar or similar foodsevent is mainly for 1-2 hours to unwind from the week
Events-Miscellaneous	
	I children and not enough for young and old adults.
	ting families with young children. My kids are in high school and college.
Fun community building	ang ramines with young emicren. My Kius are in high school and college.
	ere in Middle and high school, but now out of college, moved away. The majority of the
	took away the trolley which seniors, parents and kids enjoyed.
They happen to early	ook away the tibliey which seniors, parents and kids enjoyed.
	not well advertised. Some of the events I find out about only one or two weeks in advance.
	dren so more adult events would be great. Also maybe doing a wine and painting event a about living in the neighborhood is the number of community events and that there is
something planned each	month.
Great way to get involved	
	kids or grandkids yet and it seems most are for families which we don't mind at all.
	the attendees) are great.
	em to be for families with small kids.
Classes and meetings.	
happy there are so many	
I'm glad that the commur	ents in the past. As a single Dad, my schedule doesn't allow much time for extra activities. hity offers lots of things for various people.
	have been held. Many over priced. Gone to a few but neighborhood is very unwelcoming.
always committed to othe	
here at time of event wou	lone well, but are geared to families with children, as it should be. Unless grand children are uld not normally attend
t is always so crowded.	
	them and they are not very well publicized
participate if we are here	ur neighborhood does and appreciate the time and effort put into hosting. We always try to as we want to continue seeing them available. ;)
	nething that our kids just don't like -nice that it's offered but mine want more
	nt or just to be home with one or two friends.
·	e events with grandchildren, I was somewhat disappointed.
	GREAT job with all of the eventsits one of the main reasons we stay here. God job
SJGCC!	e varied and many and offer something to a wide range of our residents. Good work.
	neighborhood. Keeps SJGCC #1 on 210!
	/hen the last person in charge of events ran them they were terrible. I hope they are better.
	t but we never used the camps or have been for 4the of July.
	have gotten so much better. Camp could improve a bit - don't want kids just sitting in the
community room watchin	ng TV.
program was. I was litera	ng winter campI was up at the playground with my child and noticed how understaffed the ally asked several times to help out by the children in the program either with getting on the with mediating a partial between two shildren. One tagget a lide was seen all the second
tire swing, or a swing or	with mediating a conflict between two children. One teenager/12 kids=unsuccessful!

Events-Misc. Cont.

The events my family has attended seem thrown together and unorganized (just people milling around without any clear direction with what is going on). We have completely stopped eating at the clubhouse for the same reason, the food is tasty but we have consistently had bad experiences with the service provided.

Speeding

I would love speed bumps!

We could use some low, wide speed bumps in our community; people speed too much and always run the stop signs!

Speed bumps on St. John's Golf Drive. Drivers are reminded to slow down but they never do. This would possibly help to avoid hitting a child, a runner or biker.

Did I mention that speed bumps are needed?

Need to find a way to get drivers to slow down while driving through the community. Everyone hates them, but speed bumps may be the solution!

SOMETHING needs to be done about the speeding on Leo Maguire. Someone is going to get hit and killed making a left out of Stonehedge. There are enough people complaining that when it does happen, someone will sue for failure to address the issue. Our community needs to push this w/ the DOT and help our residents stay safe.

Cars continue to speed, perhaps installing more speed reading boards could help with this issue.

Miscellaneous

increased policing of intersection clogging during bus stop time, increased policing of cars pRked overnight on streets and trailers in driveways.
